BROWDER RELIEF FUND

For Widows and Orphans Caused by the Browder Mine Explosion.

A mass meeting of the citizens of Greenville was held at the court house Monday night, for the purpose of raising funds for the relief of widows and orphans created by the mine explosion of the Wickliffe mine at Browder Tuesday of last week. Mr. S. C. Eaves was chosen chairman and Mr. C. S. Curd was made secretary-treasurer. The chairman made a brief statement, and there were voluntary contributions of about \$150.00 by those present. The chair then appointed a committee to visit merchants and professional men, and in fact all our people, and solicit funds.

Orien L. Roark was named chairman, and the following persons were designated: Dr. T. J. Slaton, Robt. Wickliffe, G. M. York, Mrs. W. O. Belcher and Mrs. Jennie E. Roark. Work was begun Tuesday morning, and is being continued by this committee, with gratifying results, as everyone is responding liberally. There are some twenty-five families affected by this disaster, and most of them are in need of help, or soon will be. Something like \$1,500.00 have been contributed by the public from all sources, outside of the offerings of this city, and much more will be forwarded, but there will be need of all that can be secured, as many people are involved, and it will be some time before affairs can be arranged that will enable them to be self-supporting. The canvass here will be continued; up to the time of going to press the following had contributed as indicated:

Browder Mine Explosion.

After fifty-two hours of constant searching the body of Pete Kelly, assistant superintendent of the Browder mine, was found late Thursday afternoon. The body of Kelly was mangled and torn almost beyond recognition by the force of the explosion.

As given out by the men who discovered the remains, Kelly's body was found in middle fourth of the south entry opposite the break through. The body was worse mangled than any taken from the mine, and this seems to indicate some of the miners that Kelly was nearer the explosion than any of the others. The body was found in a different place from any of the others, and from its position it is thought he was on his way back to the men after leaving Supt. Reynolds. Kelly would have been recovered sooner had the searching party been able to get into the part of the mine where he was found. With the finding of Kelly's body the mine has given up the last of its dead, the number killed being thirty-four, and Charles Sherfield, who was injured in the explosion died Monday, making the total number of victims thirty-five.

As to the cause of the explosion, Prof. C. J. Norwood, Chief Inspector of Mines of Kentucky, H. D. Jones, Central City, and T. O. Long of Earlington, assistant inspectors, after making a thorough examination came to the conclusion that the explosion in the Browder mine was caused by the setting off of a keg of powder. They claim to have found the exploded keg.

The Coroner's jury failed to learn the cause of the explosion after examining ten witnesses and taking a volume of testimony. The following verdict was rendered: "We, the jury, find that these thirty-four men came to their death by an explosion in the Browder mine in Muhlenberg county, Ky. Cause of the explosion now unknown." J. B. Rice, J. R. Buchanan, G. R. McLean, J. L. Ledbetter, Dan Key and J. T. Smith composed the jury.

Cherry Mine Pictures To Be Shown Here.

The attraction at the opera house, beginning tonight and continuing through the week, will doubtless draw large audiences right, as such has been the record of the show at many points in this part of the state. In addition to the pictures of the Cherry mine disaster, there are several vaudeville acts, song specials and a varied program that will please all. Prices will be 10, 20 and 30 cents.

There have been more days of spring weather this week.

Muhlenberg has suffered its first mine disaster of great magnitude, and the public has done its part to help relieve the consequent suffering.

Mr. Sampson Dukes has been resting much easier for several days, and has gained some strength, which is gratifying to his many friends over the county.

Miss Lena Arnold has accepted the agency for the Hopkinsville steam laundry. Telephone No. 5 and work will be called for and delivered.

Greenville usually does the right thing, and does it quickly, and this is manifest in the liberal response made to the call for help to sufferers from the Browder coal mine explosion.

Mary, wife of Mr. J. H. Cook, died of consumption at her home near Greenbrier church at 11 o'clock last Friday night, and was buried at the Sweeney graveyard at 1 o'clock Sunday afternoon. There was a large attendance, as deceased was a splendid woman.

Death of Calvin F. Haley.

Mr. Calvin F. Haley, 11 years of age, died of consumption at his home near the old brick church, at Earles, at 10 o'clock Sunday night, after an illness that for some weeks confined him to his home. He is survived by one son, only, but is a member of one of the prominent families of the county, and was an honored citizen who had the respect of a wide acquaintance. He was not a member of any church, but some weeks ago made a bright profession of religion. Interment was in the grave yard near the church, and the ceremony was attended by a large number of people, who thus showed their respect for a departed friend and neighbor.

Although we prepared a special edition of more than 100 copies of last week's paper, the supply has been exhausted, while the demand continues. We shall be glad to buy a number of copies back from our subscribers, and will, in addition, greatly appreciate the favor.

Card of Thanks.

We desire in a public way to express our feelings of thanks for the many acts of thoughtfulness and kindness shown us by our friends and neighbors in our recent sudden sorrow. Such things can never be forgotten, and are cherished by us in the most grateful manner.

She is creating much interest everywhere, and has been the means of accomplishing great good in the way of prison reform over the state.

Deed and Abstract Lost.

A deed and abstract were lost on the streets last week. A liberal reward will be paid for return to A. N. Whittinghill, Greenville, Ky.

During one of the automobile endurance tests between San Antonio and Dallas, Texas, one of the entrants, who is president of a telephone company, carried telephone apparatus with him, and by using a long fishing pole could tap the telephone lines along the route without leaving his car. By this means he was able to keep in touch with points in advance of the run, and arrange for relief in case of accident or for hotel accommodations.

Judge R. O. Pace last week purchased the plant of the Republican newspaper at Central City, paying therefor the sum of \$250. The sale was made by order of court, and there were outstanding obligations of something like \$2,300, leaving net returns of about 10 per cent to the stockholders. Judge Pace will move the plant here, where he will begin the publication of a newspaper about May 1. His energies and ability will add to the liveliness of the town, and his efforts will be appreciated by the public.

When You Think

Of the pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Dr. Pierce's Favorite Prescription makes weak women strong and cures them well, and gives them freedom from pain. It establishes regularity, subdues inflammation, heals ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence strictly private and confidential. Write without fear and without fee to World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

If you want a book that tells all about women's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps.

CITY ORDINANCES.

An Ordinance fixing the tax rate for municipal purposes for the year 1910.

The City Council of the City of Greenville, Kentucky, do ordain as follows, to-wit:

That for all municipal purposes for the year 1910 there shall be imposed, levied, and collected in the city of Greenville a poll tax of \$1.50 from every male inhabitant of the age of 21 years and over and a property tax of 75 cents on each \$100.00 worth of property in the city of Greenville.

Approved Jan. 3, 1910.
J. W. LAM, Mayor,
ORIEN L. ROARK, Clerk.

Miners and operators have failed to reach a settlement in their first conference, and it is predicted that the men will strike, or that the operators will order a suspension. The demand for coal has not been heavy, and work has been light in western Kentucky for some time, except for a few spurts. The closing of the mines would mean a great deal to everyone, as coal interests are very large in this and surrounding counties, and many thousands of people are dependent on this for a living. It is hoped a satisfactory agreement can be reached, though at this time both sides are very firm.
